

3<sup>rd</sup> Quarter 2016 Volume 9 Issue 3

The RMBC Beacon is the newsletter of the Rocky Mountain Beagle Club. It is distributed by email on a quarterly basis. If you have any articles that would be of interest to fellow beaglers or brags you would like to share, please feel free to email them to the editor at [michaelsd44@yahoo.com](mailto:michaelsd44@yahoo.com).

### Creation, According to the Beagle

- On the first day of creation, God created the beagle.
- On the second day, God created man to serve the beagle.
- On the third day, God created all the animals of the earth to serve as potential food for the beagle.
- On the fourth day, God created honest toil so that man could labor for the good of the beagle.
- On the fifth day, God created the tennis ball so that the beagle might or might not retrieve it.
- On the sixth day, God created veterinary science to keep the beagle healthy and the man broke.
- On the seventh day, God tried to rest, but He had to walk the beagle.

### Editor’s note:

As new members of the RMBC and RMBC Beacon editors, we commit to doing the best we can to publish relevant, useful and entertaining information. Please understand, in order to do so, we need your help. Please submit articles, notes of interest, brags etc. throughout the quarter and so we can assemble a newsletter for all to enjoy. Thank you.

Michael & Lisa Young, RMBC Beacon editors

### Brags

GCHB SEVENTHSON’S HOW YOU DOIN’?, CGC “JOEY”

Won 3 group placements at the Amana IA shows, Won the Variety at the New Jersey Hound Show and topped it off by winning BOB at the Southern New York Beagle Club Specialty!

Expertly handled by Connie Conger

Owned and bred by Corinne and Rachael Ott

*Submitted by Corinne Ott*

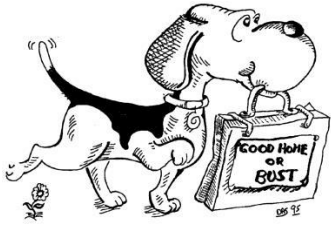

WINDSTAR ARGYLE  
SUNDANCE KID OUT WEST  
“Redford”

BOW at the RMBC specialty

Owned by Jenni Bila, Heather Lindberg and Kelly Lockwood

Bred by Heather and Jenni

*Submitted by Jenni Bila*

## COLORADO BEAGLE RESCUE WISHES TO THANK ALL THE ROCKY MOUNTAIN BEAGLE CLUB MEMBERS WHO SUPPORTED BOWLING FOR BEAGLES THIS YEAR!

Colorado Beagle Rescue (CBR) wishes to express *much* gratitude for the participation and very generous donations made to the 5th Annual Bowling for Beagles fundraiser.

Many of you dipped into your pockets when you were not able to attend the fundraiser. *ALL OF YOU WENT THE EXTRA MILE!*

Bowling for Beagles was again one of the most successful fundraisers for Colorado Beagle Rescue. Your support will go a long way in the rescue of the Beagle Breed. CBR is incredibly blessed to receive such support FROM RMBC!

*Submitted by Phillis Miller*

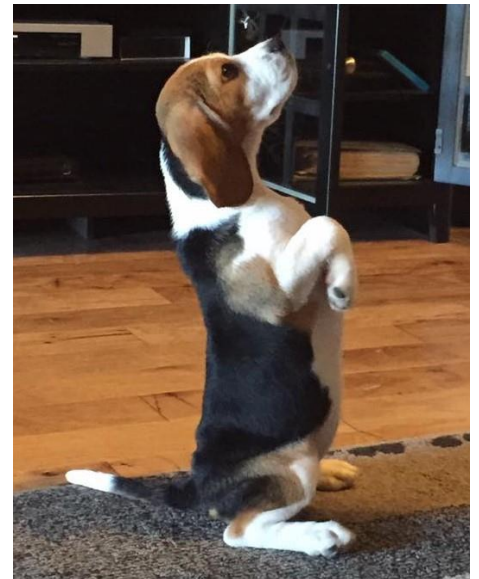

**Factor VII Deficiency:** Factor VII (FVII) deficiency, an autosomal recessive trait originally identified in Beagles, is associated with a mild to moderate bleeding. Recently, the mutation responsible for this recessive trait has been identified by Dr Urs Giger and researchers at the University of Pennsylvania.

The test, available at VetGen, detects this mutation and shows whether a dog is affected (2 copies), clear (0 copies) or carrier (1 copy). Carriers, who have one normal and one mutant/diseased gene/allele, have normal coagulation and routine coagulation tests and are therefore not at risk for bleeding.

The test is effective in Airedale, Alaskan Klee Kai, Beagle, Giant Schnauzer and Scottish Deerhound to date.
